BRIEF ABSTRACT OF LETTER.

Sanction maybe accorded to the grant
recommends for reasons stated that a mining lease over half a sq
mile of land comprised in prospecting license granted to the above named
company referred to above in the workote & Malur Taluk.

NOTES AND ORDERS.

Submitted into a draft sanctioning the recommendation of
the Director for approval or order. In the for application
the lease is asked for only over an area
of only 160 acres i.e. $\frac{1}{2}$ sq mile. But in the
letter it is stated $\frac{1}{2}$ sq mile.
Don't for approval

Adverting to your letter I.C.No.1188/Geol.9-21
2, dated 22nd August 1921, sanctioning the grant of a
prospecting license for Kaolin to the Kolar Brickmaking
Co., Ltd., over a block of $\frac{3}{4}$ square mile of land in the
Hoskote and Malur Taluks, I have the honour to state as
follows:-

1. The above sanction was duly communicated to
the applicant and the deposit and rent payable in
accordance with the rules were demanded and recovered.
There after while the preparation of the map of the block
on the village map scale was in progress for the license
to be issued, Mr. R.H.F. Bullen, Superintendent of the
Company, intimated in his letter, dated 16th January 1922,
that he wished to directly take out a mining lease over
the area. In reply he was informed that there was no
objection for that being done, but that he was entitled
to only $\frac{1}{8}$ of a square mile of the block as per rules under
the license sanctioned for grant to him.

2. A formal application, dated 20th February 1922
for a mining lease over a block of $\frac{1}{2}$ a square mile lying
within the above prospecting block has since been
submitted

checked

submitted by the applicant and a copy of the same together with a copy of the plan which accompanied it is submitted herewith for the orders of Government.

3. In regard to the area applied for which exceeds the limit ordinarily permissible under the rules, the applicant submits that the Kaolin deposit in the area may be of a patchy nature and that suitable clay for the purpose required may not be found over a smaller area and prays that $\frac{1}{2}$ a square mile as applied for may be granted as a concession. A copy of his letter, dated 2nd February 1922, in the matter is also submitted herewith for the information of Government.

4. In view of the representations made and the fact that during my recent inspection of their works I found them to have been most creditably developed and organized at considerable expense of thought, experiment and money, a relaxation of the limit and the grant of a larger area is, in my opinion, fully justified and I beg therefore to recommend that the grant of a mining lease over the area of $\frac{1}{2}$ a square mile as applied for may kindly be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

B. Jaya Ram

Director,
Mysore Geological Department.

Letter, dated 2nd February 1922, from the Superintendent,
The Kolar Brickmaking Company, Limited, Marikuppam, to the
Director, Mysore Geological Department.

Tinalur Clay Deposit.

I have the honour to refer you to my letter of the 30th ultimo respecting the selecting of a Mining Block not exceeding $\frac{1}{2}$ of a square mile over a Kaolin Deposit in the Malur-Hoskote District, for which a Prospecting License has been granted by Government to this Company.

I now beg to inform you that I wish to peg out a Block of $\frac{1}{2}$ a square mile in extent, the reason for applying for this extension being that the deposit of Kaolin may be of a patchy nature and suitable clay for our purpose not be found over a smaller area, and that the sanction by Government of half a square mile will be a concession for which I shall be grateful.

Should this concession be granted I will proceed with the work of demarking the territory desired as soon as possible.
